

**BULLET POINTS ON THE SPEECH OF CONG. ELPIDIO F. BARZAGA, JR. DURING THE VIRTUAL ROUNDTABLE DISCUSSION ON "THE ENVIRONMENTAL STEWARDSHIP POST-PANDEMIC: THE PATH TO A GREEN ECONOMIC RECOVERY" HELD ON JUNE 25, 2020**

- I. Gains During the Pandemic:
  - a. Families became closer due to stay-at-home policy
  - b. Improved quality of air due to no production and less air, land and sea travel, no smoke-belching vehicles, cargo trucks, jeepneys and tricycles as well as less mobility on the part of the people
- II. Activities During the Pandemic:
  - a. Stay at home
  - b. Work from home
  - c. Online classes
  - d. Zoom meetings
  - e. Video Calls
  - f. Online Shopping
- III. Necessities Post-Pandemic:
  - a. Better but cheaper internet connection
  - b. Online government transactions
  - c. Collaboration of the public and private sectors towards green economic recovery since unified efforts is necessary as evident in the Supreme Court Mandamus issued on December 18, 2008 that required thirteen (13) government agencies to rehabilitate and preserve the Manila Bay
